# THE INDUSTRY REFERENCE FOR PREMIUM CONNECTIONS

- EXCELLENT GAS SEALABILITY
- EXTREME COMPRESSION RESISTANCE
- SUITABLE FOR STANDARD & EXTREME CONDITIONS

# SUITABLE FOR ALL APPLICATIONS, EVEN THE MOST CRITICAL.

VAM TOP® is recognized as setting the standard in reliability and performance in threaded and coupled premium connections. With a track record of over 30 years, the connection minimizes the risks that result from the most severe combined loads making it a suitable solution for even the most critical applications.

## PERFORMANCE

- In Tension, VAM TOP® is stronger than the pipe
- In Compression, rating up to 100% PBYS
- Excellent gas sealability
- Bending up to 30°/100 feet with sealability
- Extensive testing program according to the industry standards (including ISO 13679 CAL-IV)
- Field proven with numerous track records

## APPLICATIONS

- Production casing
- Tubing
- Liner
- Tie-back
- HP/HT well designs

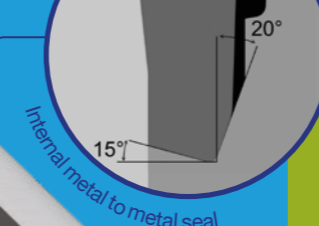

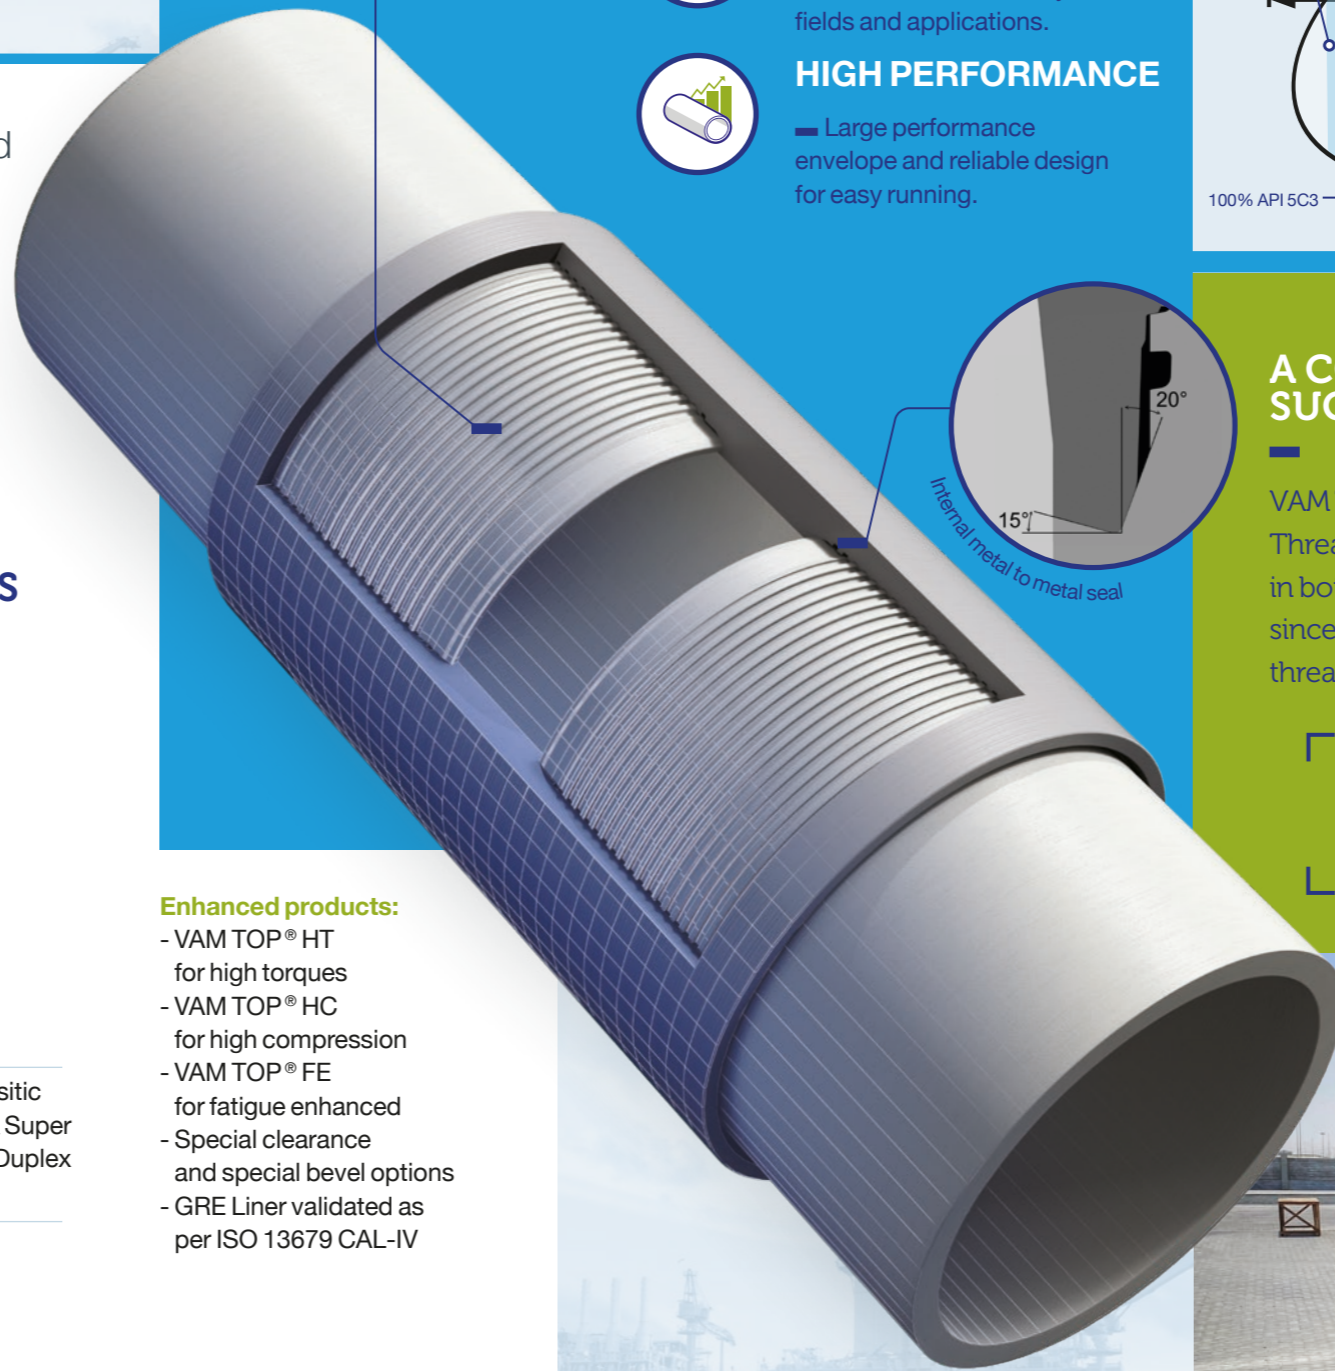

## PRODUCT RANGE

**Sizes:** From 2 3/8" to 16"

**Grades:** Carbon, Martensitic stainless steel (13%CR & Super 13%CR), Duplex, Super Duplex and Nickel base Alloys

**YS:** 55 ksi to 140 ksi

Optimized hooked thread geometry

### EXTENSIVE OFFER

Large range of sizes and grades, for all types of applications.

### FIELD PROVEN

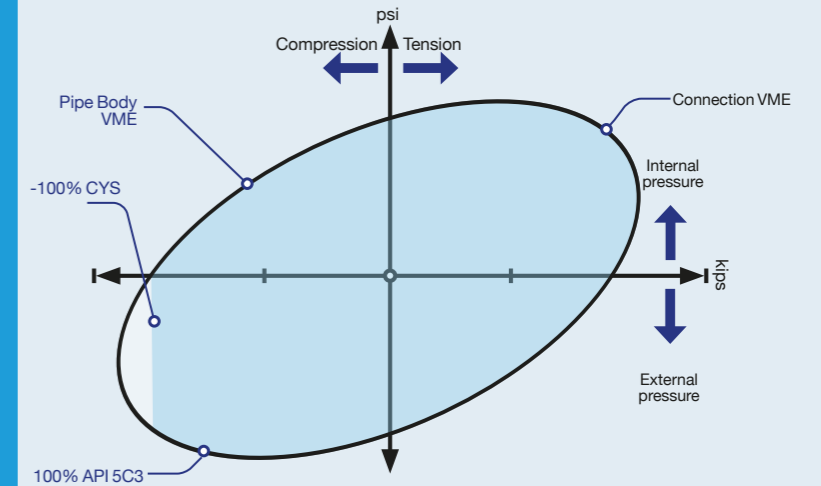

30 years of extensive track records on a wide variety of fields and applications.

### HIGH PERFORMANCE

Large performance envelope and reliable design for easy running.

### VAM TOP® TUBING VME PERFORMANCE ENVELOPPE

## A CONTINUOUS SUCCESS STORY:

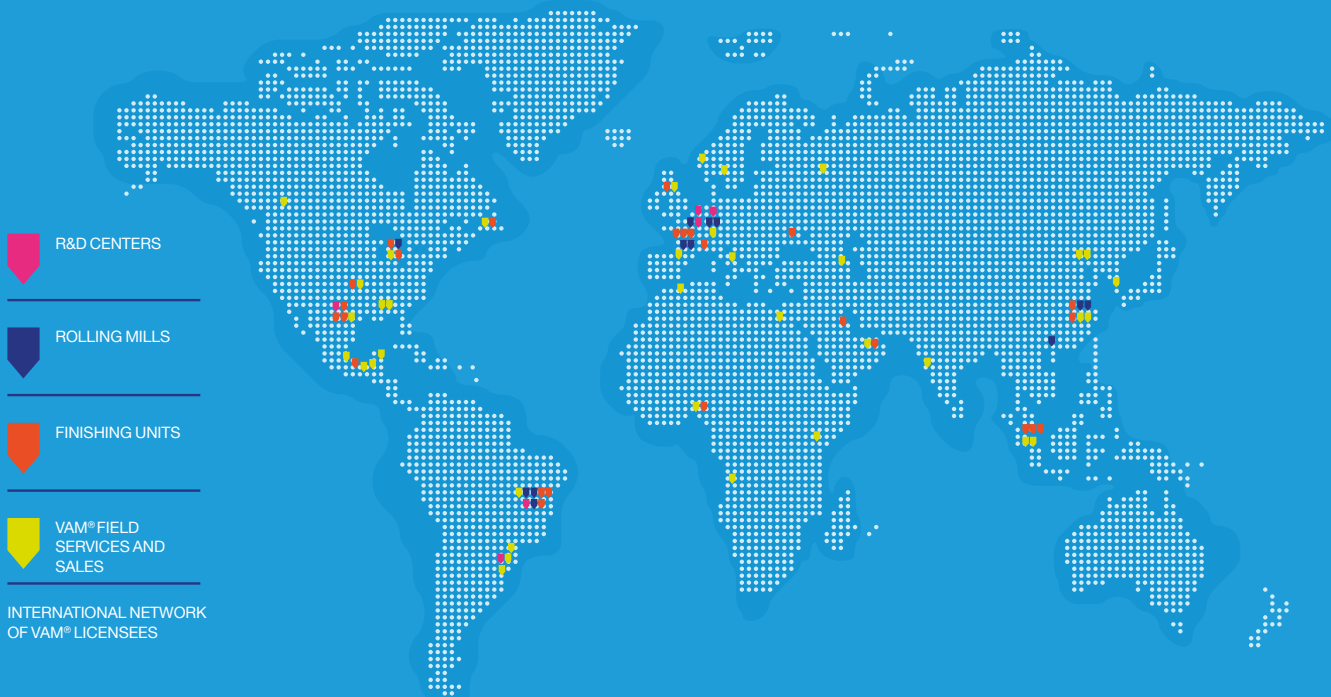

VAM TOP® is the most widely used Threaded and Coupled premium connection in both tubing and casing sizes. Every minute since the beginning of its success story, a pipe threaded with VAM TOP® is run in a well.

20 MILLION PIPES

MORE THAN 1,000 OPERATORS

# YOUR PARTNER, SETTING THE PACE FOR INNOVATION AND PERFORMANCE EVOLUTION
